

RAM Memory Module

UltraDisk 2GB DDR3L 1600MHz Desktop Memory Module

Lifetime Warranty

We offer a lifetime warranty on all memory modules.

Trusted Performance

Ultra speed for desktop PC -
Make everything on your computer faster

Proven Reliability

All memory modules undergo countless in-house stress tests and evaluations to ensure they deliver in absolute quality and reliability.

Improve your PC performance with UltraDisk DDR3 Memory

UltraDisk offers a comprehensive range of DDR3 long-DIMMs and SO-DIMMs to enhance memory bandwidth for desktops and laptops. All our memory modules are engineered with the finest chips available, and are tested across various motherboard platforms and operating systems with achieving maximum compatibility in mind. UltraDisk's memory modules undergo countless in-house performance tests and evaluations to ensure they deliver in absolute quality, optimal speeds, high endurance and reliability.

Make everything on your computer faster

Designed to help your system run faster, UltraDisk memory features faster speed, greater bandwidth and lower power consumption for a significant improvement to your system's performance - load program faster, increase responsiveness, run memory-intensive applications with ease, and increase your computer's multitasking capabilities. When you choose UltraDisk memory, you are choosing memory that is backed by a lifetime warranty and designed for the world's leading systems.

Product Specifications

Part Number	UDD3-002G1600-13D
Memory Type	Desktop DDR3L
Capacity	2GB
Module Type	UDIMM (Long-DIMM)
Frequency Speed	1600MHz (PC3-12800)
CAS Latency	CL11
Voltage	1.35 V
Operating Temperature	0°C to +85°C
Storage Temperature	-55°C to +100°C
Warranty	Lifetime
